

# General Information

## Annual Plenary Meeting 2019

Hans-Joachim Bungartz  
Severin Reiz  
Benjamin Uekermann  
Technische Universität München

Wolfgang E. Nagel  
Technische Universität Dresden

Garching, Jan 22, 2019

# Agenda

- 1 Finances
- 2 Final Symposium
- 3 Proceedings
- 4 PR / Outreach
- 5 F-G-J Exascale Collaboration
- 6 New Program Manager

# Current Budget Overview

Fund	Phase 2 <sup>1</sup>	Jan 2019 <sup>2</sup>
Gender Central / Childcare	24k	9.1k
Gender Projects	10k	0
Annual Plenary Meeting	93k	63.1k
Doctoral Retreat	58.8k	15.9k
Research Stay	112.5k	74.2k
Teaching	6k	5.1k
Guests	120k	29.3k
PR	16.5k	-4.3k
Workshops	223.2k	52.3k

1: Total allocated funding for Phase 2

2: Remaining funding as of Jan 2019

APM 2019 - General Information

# Finance Details

## Research Stays

- So far 12 PhD students used the funding
- There is still plenty of room for more, but research stays should take place in 2019
- We are not very strict on requirements
- Remaining funding will be used for Final Symposium (invited guest)

## Guest funding:

- Similar to 2018: **FCFS**
- No default transfer
- Short informal mail with cost estimation
- If every project applies: 1700€ per project

## Workshops:

- There will be one last call for workshops in May 2019
- Workshops should take place in 2019

# Final Symposium

- Oct 21-23, 2019 in Dresden
- Current planning: Monday noon till Wednesday evening
- One minisymposium per project with 4 speakers:
  - Ideally: 2 internals, 2 externals
  - Ideally: At least 1 of 2 externals is international
  - Ideally: At least 1 of 2 externals is a woman
- There will be central funding to invite the externals, exact amount and procedure will be announced in spring

# Proceedings

- Springer LNCSE
- One longer (review) paper per project
- Focus on Phase 2, but also overview of Phase 1+2
- Special (optional) section: influence of international phase
- Serves as final DFG project report
- External speakers can also contribute papers (please ask them)
- Rough schedule:
  - Announcement and CfC: spring 2019
  - Submission deadline: August 2019
  - Review deadline: October 2019
  - Publishing: 2020

# PR and Outreach: Science Node

- Science platform, short web articles, featured on social media
- We had so far:
  - Overview SPPEXA
  - ExaFSA
  - ExaStencils
  - Award winner Moritz Kreutzer / ESSEX (incl. Video)
  - MYX (incl. Video)
  - ExtraPeak

## How does it work?

- Send bulk information per mail (links, possibly existing InSiDE article, ...)
  - Video conference interview
  - They write the article ... final proofreading
  - Optional: interview at ISC19 (video)
- **Minimal work for you, high visibility, articles / videos you can reuse**

# F-G-J Collaboration

Oct 30-31, 2018: Exascale Workshop in German embassy in Tokyo (2<sup>nd</sup> event after similar event in French embassy 2017)

Afterwards:

- send summary to all stakeholders (DFG, BMBF, ...)
- Wolfgang Nagel visited trilateral AI workshop in Tokyo in November

We made it obvious that ...

- there is a lack of multi-national funding schemes beyond EU
- AI needs HPC

Rumors: There will be a trilateral AI program and HPC might be a part of it.

# New Program Manager

... from now on

Severin Reiz  
reiz@in.tum.de

Doctoral Candidate @ TUM

Take the chance today or  
tomorrow and get to know him!
